

Playing with a purpose!

Join us for a fun summer adventure

Our play-based program is run by pediatric speech language pathologists and occupational therapists who specialize in early childhood development.

This half-day program is specifically designed for 2.5 to 4 year olds. Through playful and engaging activities, we will encourage your child's language, social, and play development.

Activities will include circle time, music, stories, fun free play, guided sensory activities, and yoga.

Each half-day program runs from 9am-1pm and includes a snack (provided).

Session 1: July 22nd - July 26th

Session 2: July 29th - August 2nd

Session 3: August 5th - August 9th

Session 4: August 12th - August 16th

Sessions are \$1000 per week
